JUNE NEWSLETTER 2018

ELHC Team Call

Our 4th "Team Conference Call" will be held on Wednesday, June 13th at 1pm.

In an effort to improve communication throughout our terminals and divisions, we have decided to do a monthly "Team Call" with the leaders of our organization. The goal is to discuss various topics and company information with all of our employees in an open forum, while also addressing FAQ's and submitted topics from our work force. We encourage you to email hr@elhc.net for any suggestions regarding future topics you would like to be discussed.

INTERNATIONAL 
ROADCHECK
2018

ATTENTION ALL, the DOT will be doing their annual truck inspection blitz June 5-7.

During the blitz, inspectors across North America will largely follow the 37-step procedures for North American Standard Level 1 inspections, examining drivers and vehicle fitness. Checks will include brake systems, cargo securement, coupling devices, driveline/driveshaft components, exhaust systems, frames, fuel systems, lighting devices, steering mechanisms, suspensions, tires, van and open-top trailer bodies, wheels, rims and hubs, and windshield wipers. Inspectors will also be watching for factors including seat belt use and impairment by drugs or alcohol. Please make sure you are continuing to do your pre-trip and post-trip inspections with a cautious eye. Communicate any repairs that need to be made immediately to the operations/maintenance staff. Thank you and be safe out there!

SPREAD THE WORD

Did you know?!

We pay \$500 for every Company Driver or Owner Operator you refer to us! The only requirement is that the driver stay employed for at least 60 days.

Easy Money.

Tell your friends.

IT Spotlight

Every month in IT we handle:

- 250,000 internal and 446,000 external emails. All filtered and archived.
- 98,000 satellite messages to trucks across the U.S. and Canada
- 39,000 phone calls
- And our video conferencing rooms run for over 63 hours with hundreds of participants saving valuable travel time and money!
- In the month of May we started the largest operating system and accounting software upgrade in 10 years. All without interrupting our 24/7 dispatch group.
